

REYNALDI WIRATAMA

SIREGAR

FRONT-END WEB DEVELOPER

OBJECTIVE

To obtain a Web Development Internship where I can apply my front-end development skills, create responsive and optimized websites, and gain hands-on experience in a professional setting. I aim to enhance my technical expertise, collaborate on real-world projects, and build a strong foundation for a future career in web development.

EXPERIENCE

Although I do not have formal work experience, I have worked on various web development projects during my studies and personal learning endeavors.

PROJECTS

- **Portfolio Website Development**
Developed a personal portfolio website using HTML, CSS, JavaScript, and WordPress to showcase projects and skills.
- **Cashier App Project**
Built a cashier application using VB software as part of a university project, implementing essential transaction management features.
- **Bookshelf App Website**
Created a bookshelf app website as part of Dicoding Courses, utilizing JavaScript and local storage to manage book collections efficiently.
